

Directions to ConocoPhillips

As you enter Bush Intercontinental on John F. Kennedy Boulevard stay in the right lane. After you cross Greens Road (there is a traffic light) you will exit right onto JFK Service Road. Get in the left lane. Make a U-turn at the first stop sign. You will now be on the JFK Service Road exiting the airport. Get in the right lane and watch for a sign with the address of 16901. The address numerals are large but are set back somewhat from the road. Turn right at this sign. You will need to stop at the security gate and identify your passengers. The guard will then allow you to enter. Veer to your right. When you reach the chainlink fence turn to the left. You will see parking available and another security guard is posted. Passengers will exit the flight in this area.

If you have any difficulty the number at the ConocoPhillips hangar is 281-443-5000.
